**BILLING & PAYMENT INFORMATION**

Utility bills are mailed at the end of the month. Refuse & recycling charges are included on the bills. Payments are due on the 20<sup>th</sup> of the month and are accepted at the village office, through the mail or can be put in the drop box at the village hall. The Utilities enforce payment of the bills by following disconnection procedures when necessary. To avoid disconnection of service, payment arrangements can be made. Please contact the utility office for additional information.

**ADDITIONAL METER INFORMATION**

Blue Mounds Water & Sewer Utilities strongly encourage utility customers, who intend to do a lot of watering outside, to install a second water meter. It will measure water that is being used outside, so that you will not be charged for the sewer portion. The customer is responsible for providing plumbing for the second meter. There is a charge of \$30.00 for the meter and an additional service charge of \$5.50 per month.
